Access code: 8859137

**The webinar will commence
shortly.**

**All participants will be muted until
the question period.**

Overview

1. Introduce Sage and the benefits of being a member
2. Sage website walkthrough
3. Questions

What is Sage?

- Tool to help Canadian HIV and hepatitis C service providers share and find models and tools to support their program planning and delivery
- Partnership of the Canadian AIDS Society, Canadian HIV/AIDS Legal Network and CATIE

Poll

- What kinds of resources and tools does your organization produce?
 - Resources for service users
 - Program delivery guides
 - Program evaluations
 - Needs assessments
 - Conference presentations
 - Presentations for workshops or education sessions
 - Annual reports
 - Newsletters
 - Position statements
 - Operational policies and procedures

How does Sage support programming?

1. Community-driven collection of resources
 - Join Sage to share your resources with other service providers
 - Free membership
 - Resources you share must be resources you've created and own the copyright for

How does Sage support programming?

1. Community-driven collection of resources
 - Expand reach and exposure of your work by sharing it as models and tools for other service providers
 - Get centralized and long-term storage of resources
 - Be part of a record of HIV and hepatitis C work in Canada

How does Sage support programming?

2. Discover other work happening in the HIV and hepatitis C communities
 - Find resources shared by other service providers
 - Connect with peers in the field doing similar work

What can be shared and accessed through Sage?

- Public resources
 - Resources with widespread or limited public availability
 - E.g. pamphlets, posters, reports, guides, position statements, annual reports, presentations
- Internal resources
 - Resources used internally that may be useful models for others
 - E.g. policies, procedures, forms, internal reports

What can be shared and accessed through Sage?

- Current resources
 - Up-to-date and active
- Archival resources
 - No longer actively used but can still serve as a useful model or provide historical context for future reference

What can be shared and accessed through Sage?

- Public resources can be found by:
 - Any Internet user
 - Search engines
- Members-only resources:
 - Can only be found by Sage members
 - Cannot be found by search engines

Poll

- I have looked for models and examples to guide my work when:
 - Creating a resource
 - Planning a program
 - Developing a training session
 - Developing a survey
 - Writing a policy

How can I use Sage?

- Share new resources
- Archive and ensure access to older resources
- Get resources online with stable links
- Find models and tools to support your work
- Search all resources in the collection
- Create a favourites list
- Extend Sage membership to people in your organization if you are joining as an organization

How do I join Sage?

- Membership criteria:
 1. Canadian organization or individual
 2. Working in HIV, hepatitis C or related field
 3. Have resources you will add to the collection
- Go to the Join Sage section of the website to submit an online membership application

What if I don't meet the membership criteria to join Sage?

- If you don't meet the membership criteria you can:
 - Still search the publically accessible resources in the collection
 - Encourage your organization to become a Sage member if they qualify and gain access through an affiliated member account

Questions and Comments

The image shows a screenshot of a webinar application. On the left, a blue callout box with a white border contains the text: "#6 to un-mute your line" and "*6 to mute your line". On the right, a sidebar is highlighted with a red border. This sidebar contains three panels: "Participants", "Chat", and "Q&A". The "Participants" panel shows a list of users, including "CATE Webinars (Host)" and "CATE webinars (me)". The "Chat" panel has a "Send to:" dropdown menu set to "Host" and a "Send" button. The "Q&A" panel has an "Ask:" dropdown menu set to "All Panelists" and a "Send" button. A red double-headed arrow points from the callout box to the sidebar.

#6 to un-mute your line
